# DECORAH AIRPORT COMMISSION
## August 12, 2026
### Airport Terminal Lounge

1. Roll Call - 5:03P
   Members present: Brett Willie, Brian Petersburg, Kevin Thompson, Rick Hadley
   Members absent: Pete Marso
   Also attending: Travis Goedken, City Manager; Mike Connell, FBO; Adam Thompson, McClure Engineering

2. Consider Approval of June 10, 2026 Regular Meeting Minutes
   Motion by Petersburg, Second by Thompson – all votes Aye, motion passed.

3. Discussion and Possible Action on Corporate Hangar with Attached Terminal Building Project
   *Goedken and Adam Thompson gave the explanation of the roof noise. Review of the structural and architectural teams had no concerns about building integrity, as a result. Contractor was on-site and verified correct installation, one solution was to re-seam the roof to possibly minimize; but believe the cause is the wind speed and direction creating resonance of the steel. Connell reported that he hasn't hear any noise in about a month.*

   *Goedken noted that the solar that was online, keeps sending an automated email on low voltage for the circuit. Thompson reported there is an issue with the regulators and sometimes one will cycle out, then come back online; the issue is not with just one of the three, but all of them cycle through having the same issue. Eagle Point Solar is working on it, but no solution yet.*

   *Thompson is not recommending fully accepting the project as complete until full site restoration, pavement in front of the building, bathroom lock, cupboard doors, fence, and door latches are adjusted.*

4. Discussion and Possible Action on Airport Open House
   *Discussion was had about a possible ribbon cutting and/or open house. Consensus of the Commission was for a ribbon cutting at 4:00P on September 16th at 4:00 PM and a community open house as part of a fly-in in the spring.*

5. McClure Engineering Update
   *Thompson reported that the state grant application was submitted for the apron and that while Shane Wright agreed with the need, other applications had higher local contributions and Decorah was not awarded. Thompson reported that he and Goedken were meeting with FAA regarding runway reconstruction/rehab on August 24th.*

6. Airport Manager's Report
   a. Hangar Changes – *None reported*
   *b.* Hangar Delinquencies – *Goedken reported the delinquent rents.*

7. Adjourn – 6:19P
